

PROMOTE GLOBAL FEMALE CONDOM DAY WITH SOCIAL MEDIA

In order to maximize our advocate recruitment and teach as many people as possible about female condoms this Global Female Condom Day (GFCD), we want to send our message in a consistent, positive and clear manner.

Below are just a few examples of messages you can post within your networks to inform them about #GFCD2016. Feel free to take these posts and put them directly on social networking pages or create your own to add to our worldwide vision for the future of female condoms!

Sample Facebook Posts

On Sept. 16, we will visualize a future for female condoms, and you can help! As the prevention landscape evolves to include the HIV prevention pill PrEP, what is the future of FCs? This Global Female Condom Day #GFCD2016, join #FC advocates from around the world to add your voice to the vision of the future! Learn more here: bit.ly/GFCD2016

On Global Female Condom Day, Sept. 16, we're showing the world that women, men, and people of all genders want access to #femalecondoms. Help build a vision for the future of #FCs! Anyone can participate! Click here to get started and spread the word on social media by using the hashtags #GFCD2016 and #femalecondoms: bit.ly/GFCD2016

Want to join the global movement to uplift #femalecondoms as a tool for communities vulnerable to #HIV, including women? On Global Female Condom Day, share your vision for the future. How? Check out bit.ly/GFCD2016 to get started and spread the word!

Global Female Condom Day is all about expanding the prevention toolbox. We think #femalecondoms and #PrEP are the perfect pair! These receptive-partner controlled #HIV prevention methods are game-changers for #HIV prevention and #reprohealth! #GFCD2016

This Global Female Condom Day, remember that along with #HIV prevention, #femalecondoms are a source of sexual pleasure! Spread the word FCs: they makes #safersex sexy!
